

The 34th EGEE&C meeting and events:

1. Chinese Taipei would like to host the next EGEE&C meeting at Taipei in conjunction with the SEER workshop and LED self-funded workshop in October.
2. In additions, the Expert Group on New and Renewable Energy Technologies (EGNRET) meeting will also be hosted by Chinese Taipei, and a Bio-refinery workshop will be held in Taipei as well. Meanwhile, two international exhibitions, Taiwan Int'l Photovoltaic Forum & Exhibition and Taipei Int'l Electronics show (LED Area-APEC LED Lighting Area), will open in the same time. **A tentative schedule is follows on the next page.**
3. The venue of EGEE&C and SEER workshop will be arranged at Howard Plaza Hotel Taipei, while the LED workshop will be pulled to the Taipei World Trade Center (TWTC) in Nangang, Taipei, connecting to the LED exhibition and show.
4. Chinese Taipei will arrange site tour(s) around Taipei City.
5. EGNRET had just held meeting on April 1-3 last week in Honolulu, Hawaii. The Chair of EGNRET, Cary Bloyd, tends to plan a half-day join meeting with EGEE&C and will ask EGEE&C's opinion and discussed it with Terry Collins (EGEE&C Chair) in coming EWG 37, Chile.
6. More detail information will be announced.

APEC EGEE&C (SEER, LED) and EGNRET (Bio-Refinery) Workshop in Chinese Taipei (2009)
